

## Run Historical Statutes Metadata:

1. Go to Historical Statutes\WORK-IN-PROGRESS\1849-1899
2. Find the years that say Metadata Done on folder name. i.e. 1899 – Metadata Done.
3. Go to Metadata Folder, find the Resolutions and Statutes excel Metadata file.
4. Open the file and save as XML Data in 1899 CAML directory

5. Create a "pkg2" folder on your C:\drive
6. Copy the year to be processed onto your C: drive.

I.e copy HistoricalStatutes\Work-In-Progress\1899 - Metadata Done to c:\pkg2

- Create folder c:\pkg2\1899\final
- 1. Create folder c:\pkg2\1899\intermediate
- Rename c:\pkg2\1899 – Metadata Done\1899 Metadata to c:\pkg2\1899 – Metadata Done\Metadata

7. Run `\\ldcfs04\etb asd prs\CamlFixer`

Enter the source directory with the year folders.
